Plight of the Deceived

Verse I

Gm F F7 Gm
Chasing birds like chasing dreams
Was all that I believed
To catch them not to let them in
For fear that they would leave

Verse II

A troubled past so far away
Until I'm in my dreams
It’s then I find no amount of time
Can erase these memories

Chorus

Ebmaj7 F Dm Gm
So, tortured hearts across the stars
Hear me when I speak
There’s nothing else above yourself
That makes you feel weak

‘Cause aliens and Super Men
Would all have us believe
Their thicker skin and origin
Prevents them being weak

Post-Chorus I

Eb F Dm Gm-F-Eb
But I… see right through…
Me and you

Interlude

Gm Gsus2 (X2)

Verse III

Gm F F7 Gm

All in all this life I call
My life is meaningful
Not every day is a parade
But every day is full

Verse IV

Sorrow cast like broken glass
Upon the ocean shore
Is swept by waves and molded into
Something to adore

Chorus

Ebmaj7 F Dm Gm

So, tortured hearts across the stars
Hear me when I speak
There's nothing else above yourself
That makes you feel weak

'Cause aliens and Super Men
Would all have us believe
Their thicker skin and their origin
Prevents them being weak

Post-Chorus II

Eb F Dm Gm-F-Eb D

But I… see right through…
And I… see you

Instrumental

Gm F Eb D

Bridge

Gm F Eb D

A life has passed since I have asked
If anything is true
From Mother's love to God above
And everything I knew

If fallacy gives life its meaning
I admit defeat
This wishing well, as far as I can tell
Was poisoning me!

Chorus

Ebmaj7 F Dm Gm

So, tortured hearts across the stars
Hear me when I speak
There's nothing else above yourself
That makes you feel weak

'Cause aliens and Super Men
Would all have us believe
Their thicker skin and origin
Prevents them being weak

Post-Chorus III

Eb F Dm Gm-F-Eb D

But I… see right through…
I… see right through…
And I… see me and you

Outro

Gm Gsus2 (X2)
